Here's what's coming soon:

HO- Skinology & Aesthetics specialises in non-surgical aesthetic treatments designed to rejuvenate, restore, and enhance your natural beauty. I focus on skin health, anti-aging, and facial harmonisation using the latest innovations in aesthetic medicine.

Dermal Filler Treatments

***Lip enhancement-** 0.5 ml **£130**, 0.7ml **£150**, 1ml **£170**

The results of your lip enhancement can be tailored to meet your individual needs and desired outcome, depending on the type of dermal filler used.

Each filler offers unique benefits, and we work together to select the best option to achieve your specific goals.

*** Marionettes £160** (creases that extend from the *corner of the mouth to chin

Dermal Fillers Marionette treatment is designed to rejuvenate and restore youthful volume to your face. Using high-quality dermal fillers, you achieve a more vibrant, refreshed appearance. Experience a boost in confidence with natural-looking results that beautifully enhance your features.

*** Nasolabial £160** (nose to mouth lines)

Nasolabial line fillers smooth and plump the skin around the nose and mouth, restoring lost volume and reducing deep creases. This non-surgical treatment delivers immediate, natural-looking results with minimal downtime.

***Cheek filler £170 1ml, £280 2ml**

This treatment enhances the mid-face by restoring lost volume and contour to the cheeks. Dermal fillers are used to lift and define the cheekbones, creating a more youthful, sculpted appearance. It also supports the under-eye and lower face areas with a balanced, refreshed look with natural results.

Please note that prices may vary depending on volume and contouring preferences.

***Chin filler £170 1ml, £280 2ml**

Chin filler enhances facial harmony by adding volume and definition using hyaluronic acid-based fillers. This quick, non-surgical treatment improves chin profile and balance with natural-looking results and no downtime.

***Orbicularis Oris/Peroral lines/smokers' lines £160**

This treatment targets the fine lines and wrinkles around the mouth, often called "smoker's lines". Using dermal fillers, volume is gently restored to smooth the area, enhance skin texture, and rejuvenate the lower face for a softer, more youthful appearance. Results are immediate with minimal downtime.

***Dissolving agent/ Hyalase £150**

Hyaluronidase is used to dissolve unwanted or migrated filler, correcting irregularities by breaking it down in targeted areas. Filler can be re-injected after 2–4 weeks, once swelling subsides and tissues settle. The price varies based on the amount of product used.

Anti-wrinkle treatments

* **(1 area) £140** anti-wrinkle: Frown lines (lines between the brows) or Crows feet (smile lines around eyes)

One area of targeted anti-wrinkle treatment addresses either the frown lines (glabella) or crow's feet. These treatments smooth dynamic lines around the eyes and between the eyebrows for a refreshed, youthful look using targeted muscle-relaxing injections.

The cost of treatment may vary based on individual muscle strength, gender, and desired outcome.

* **(2 areas) £170** anti-wrinkle: Frown lines (lines between the brows) and Crow's feet (smile lines around eyes)

One area of targeted anti-wrinkle treatment addresses either the frown lines (glabella) or crow's feet. These treatments smooth dynamic lines around the eyes and between the eyebrows for a refreshed, youthful look using targeted muscle-relaxing injections.

The cost of treatment may vary based on individual muscle strength, gender, and desired outcome.

* **(3 areas) £200** Frown lines (lines between the brows), Crow's feet (smile lines around eyes), and forehead (horizontal lines across the forehead)

3 areas of targeted anti-wrinkle treatment address the frown lines (glabella), crow's feet, and forehead. These treatments smooth dynamic lines around the eyes, between the eyebrows, and the forehead for a refreshed, youthful look using targeted muscle-relaxing injections.

The cost of treatment may vary based on individual muscle strength, gender, and desired outcome.

***Brow lift £160** (Subtle lift to outer brow)

A subtle lift to the eyebrows by relaxing specific muscles, creating a more open, refreshed, and youthful eye area, without surgery.

***Dimpled chin £160.** This treatment relaxes the mentalis muscle, smoothing out a dimpled or "bumpy " chin for a softer, more refined appearance.

***DAO downturned corners of the mouth £160.** This treatment relaxes the depressor angulioris (DAO) muscles, which pull down the corners of the mouth. This helps lift and soften a downturned expression, restoring a more balanced and pleasant resting facial appearance.

***Gummy Smile £160** This treatment relaxes the muscles around the upper lip to reduce excessive gum exposure when smiling, creating a more balanced and natural smile.

***Bunny Lines £160** This treatment relaxes the muscles on the sides of the nose, reducing the appearance of "bunny lines" that form when smiling or scrunching the nose, resulting in a smoother, more youthful appearance.

***Perioral Lines (smoker's lines) £160** Anti-wrinkle injections in this area soften dynamic lines around the mouth caused by repetitive muscle movement, such as speaking, sipping, or smoking. By gently relaxing the muscles, the treatment helps reduce the appearance of fine lines. It prevents them from deepening over time, creating a smoother, more refreshed look while preserving natural expression.

***Sweat reduction £300** (underarms) Excessive sweating (Hyperhidrosis)
£300

Superficial injections in the underarm block sweat glands, reducing excessive sweating for long-lasting relief and increased comfort.

* **Facial slimming £230** (relaxes the jaw muscles)

These injections into the masseter muscles relax and reduce their size, helping to slim the jawline and create a more contoured, feminine, or balanced facial shape.

The cost of treatment may vary based on individual muscle strength, gender, and desired outcome. The dosage is tailored following a full consultation to ensure safe and effective results.

* **Neck treatment £230** (Nefertiti neck lift)

A non-surgical treatment using injections to lift and contour the neck and jawline, reducing the appearance of sagging and improving skin tightness for a more youthful, defined profile.

Skin rejuvenation treatments

* Obaji Blue (radiance) **Light skin peel**. A quick no-downtime treatment that clears clogged pores, smooths rough texture, and brightens your complexion for a healthier, more confident look.

3–6 sessions are recommended based on skin concerns:

Mild (dullness, mild acne, uneven tone) X3 sessions

Moderate (hyperpigmentation, fine lines, acne scars) 4–6

Severe (deep pigmentation, stubborn acne scars) 6+ with maintenance treatments once every 2-3 months

£110 per peel

£310 Course of X3

Injectable skin treatments/skin boosters

* **Polynucleotides Plinest** -Polynucleotides are best used under the eyes to treat dark circles, fine lines, and crepey skin; they improve hydration and collagen production. They can also be used on the whole face for skin rejuvenation, texture improvement, and elasticity boost.

Initial Treatment Phase:

A course of 3–4 sessions (2–4 weeks apart) is recommended

Maintenance: once every 3–6 months.

£160 per session (**face or neck**) X3 £ £420

£140 per session (**eyes**) X3 £360

For targeted results:

- **Under Eyes:** Helps with tired-looking eyes and fine lines. A powerful treatment that repairs and hydrates the delicate eye is for a refreshed, well-rested look.

- **Whole Face:** Ideal for improving overall skin quality and firmness. Boost skin repair, hydration, and firmness with Plinest Face- a cutting-edge treatment that improves skin quality, reduces fine lines, and restores a youthful, healthy complexion.

Skin Boosters:

* **Profhilo H+L-** Profhilo is best used on the face and neck to improve skin laxity, hydration, and overall texture. Enhance skin firmness and hydration with Profhilo H+L- a powerful treatment for the face and neck that smooths fine lines, improves elasticity, and restores a fresh, youthful look with minimal downtime.

£210 per session, £350 X2

Initial Treatment Phase:

- 2 sessions, spaced 4 weeks apart
This allows for optimal stimulation of fibroblasts, hydration, and collagen/elastin production.

Maintenance Phase:

- 1 session every 6 months
This helps maintain the effects and support ongoing skin quality and structure.

However, for more mature or damaged skin, a third session may sometimes be recommended in the initial phase, especially if the skin shows signs of deeper ageing or dehydration.

* **Sunekos-** is an injectable treatment that combines hyaluronic acid with amino acids to stimulate collagen and elastin.

Sunekos is best used on the under **eyes, face, and neck** to improve hydration, fine lines, and skin elasticity, especially in delicate or crepey areas.

£170 per session (**face or neck**) X3 £ £430

£150 per session (**eyes**) X3 £380

Initial treatment:

3 x sessions spaced 2 weeks apart.

Maintenance: Once every 6-12 months

For Sunekos Eyes, crow's feet

“Revive tired eyes with Sunekos, a powerful treatment that reduces dark circles, fine lines, and under-eye hollows for a refreshed, well-rested look.”

For Sunekos Face:

“Boost collagen and elastin with Sunekos, a skin-rejuvenating treatment that smooths fine lines, restores hydration, and improves skin quality for a healthier, younger-looking face.”

For Sunekos Neck:

“Rejuvenate and tighten the skin on your neck with Sunekos, a treatment that restores hydration, improves elasticity, and reduces fine lines for a firmer, more youthful appearance.”

Treatments are tailored to each client’s needs, ensuring natural-looking results enhance confidence and beauty.
